

Catch a Fish

Match the fish to the correct fishing rods by drawing lines.

How many lines would you need to draw, to make the shapes listed below?
The shapes would not be touching each other.

- | | | | |
|--------------------------|-------|----------------------------|-------|
| a) 2 triangles | | g) 2 triangles + 1 square | |
| b) 4 triangles | | h) 1 triangle + 2 squares | |
| c) 8 triangles | | i) 1 triangle + 1 pentagon | |
| d) 12 triangles | | j) 2 triangles + 2 circles | |
| e) 1 triangle + 1 square | | k) 1 triangle + 1 octagon | |
| f) 1 triangle + 1 circle | | l) 1 triangle + 1 square + | |
| | | 1 pentagon | |
